

CONDI'S "POSITION OF RESPONSIBILITY"

These two YouTubes really ought to be watched in tandem.

In both, Condi stops breathing, having been asked a pointed question about her own failures.

It's especially sickening to watch Condi talk about "unless you were there, in a position of responsibility, you cannot possibly imagine the dilemmas we faced in trying to protect Americans" in the bottom video (at around 1:15) and contrast that with her famous "I believe the title was 'Bin Laden determined to attack inside the United States'"(at 2:48).

I'd be curious to hear Condi describe what she means by "position of responsibility."
