

LIZ CHENEY: CALLING MY DADDY A TORTURER IS LIBELOUS

I just got home and am wiped out (bmaz kept me out partying in NYC), so I thought I'd throw put this up for discussion [JimWhite is probably right I don't want to say "throw"].

BabyDick says:

- She hasn't seen the memos she's convinced show torture was effective (no mention of whether she saw the IG report which says torture isn't effective)
- She still ignores the part of Admiral Blair's statement that shows we only got general info from torture-like the 10 pieces of intelligence we got after waterboarding Abu Zubaydah 83 times
- She says respect for the law is a "policy difference"
- She invokes libel if we call her Daddy or those incompetent contractors who waterboarded KSM 183 times torturers

You want to argue that last point in court, BabyDick? Because I sure do think that PapaDick and Mitchell's contractors are torturers.
