

RACHEL NEEDS TO START A “HALL OF AFRAID”

Rachel Maddow needs to start a Hall of Afraid of all the big talkers who talk a big show on Fox and elsewhere, but are afraid to go debate Rachel. Last week, Liz Cheney challenged Keith Olbermann to a duel, but refused to show up to debate Rachel. And now Joe Lieberman is hiding from a girl (albeit one who's taller than Joe).

I also want to tell our viewers that we invited Senator Lieberman to come onto this show tonight. His office did not even bother to respond to our requests.

Senator Lieberman, you should know you have an open invitation – as you long have had – to come on this show. I promise you will get a fair shake. Actually, at this point, I promise to not only buy you a shake, I will buy you a cookie if you come on this show.

I'm envisioning YouTubes of all these invites, placed next to pictures of the cowards who refuse to defend their own ideas.
