

THE “LIBERAL” NY TIMES FOCUSES ON THE NEXT DISASTROUS GOP DADDY

It is never enough for the “liberal” media. Despite how the “liberal media” gets relentlessly dumped on and marginalized by the right wing nut machine, they are ALWAYS there to hand out some candy to the nutters.

Here are the estimable Jonathan Martin and Alexander Burns in the Only Bunk That’s Fits To Print Gray Lady:

WASHINGTON – Senators Tom Cotton and Ben Sasse have already been to Iowa this year, Gov. John Kasich is eyeing a return visit to New Hampshire, and Mike Pence’s schedule is so full of political events that Republicans joke that he is acting more like a second-term vice president hoping to clear the field than a No. 2 sworn in a little over six months ago.

Well, crikey, good that the paper of record is covering this. What else they got?

It may get worse, said Jay Bergman, an Illinois petroleum executive and a leading Republican donor. Grievous setbacks in the midterm elections of 2018 could bolster challengers in the party.

“If the Republicans have lost a lot of seats in the Congress and they blame Trump for it, then there are going to be people who emerge who are political opportunists,” Mr. Bergman said.

Well, sorry I asked, turned out it was some entitled crap from a “petroleum executive”.

Great call guys!

Swell. Excellent follow up to all those “Ignorant average Trump voters still ignorantly averagely love Trump” reports that are rampant in the beloved balanced media.

Today’s GOP, fronted by Trump and his ilk, is NOT an aberration, but rather the culmination of where the Republican party has been headed for decades, since at least Reagan’s bigoted opening salvo in Philadelphia Mississippi. It is the party of nationalism, racism, bigotry, scientific ignorance and revanchism.

But, hey, never underestimate the ability of the national media to keep on singing like they don’t know their actions helped put this country in the lurch it is in (Her Emails!!). And that their continued refusal to unequivocally call out the current President for the blithering dangerous loon he is, may lead to making the lurch far worse.

The answer to America’s ills do NOT come from the discredited daddies in the GOP, whether older like Mike Pence and John Kasich, or younger like Ben Sasse. We have seen this movie before, and it sucks in a very disastrous way.
