

WORKING TWITTER THREADS ON THE MUELLER REPORT

I did my read-through of the Mueller Report on Twitter, not here, so I wanted to capture all the threads in one post:

- Thread one: Initial thoughts
- Thread two: First half of Russian intervention
- Thread three: More Russian links
- Thread four: Yet more Russian links
- Thread five: Yet more Russian links and some obstruction
- Thread six: Now we're talking obstruction
- Thread seven: With Donald Trump, there's always more obstruction!
- Thread eight: There are always more people to try to fire
- Thread nine: Hannity knows more than the Chief of Staff through obstruction
