

THE NEXT GANG OF THIEVES AND WAR CRIMINALS

Pardonpalooza is kicking up, with Trump pardoning low-level Mueller criminals (Alex Van der Zwaan and George Papadopoulos), corrupt Republican Congressmen (with pardons for early Trump supporters Duncan Hunter and Chris Collins and a commutation for Steve Stockman), and war criminals (the four Nisour Square Blackwater guards, in what is surely a favor for Erik Prince).

This is who Trump is: A man whose biggest legacy as President will be the utter abasement of the Rule of Law.
