The witness scheduled for today's hearing is:

Cassidy Hutchinson, former aide to former White House Chief of Staff Mark Meadows

Hutchinson will appear today before the committee to "present recently obtained evidence and receive witness testimony" and out of concerns for her physical safety, according to Punchbowl News' newsletter.

Hutchinson also recently changed legal representation. Her lawyer had been Stefan Passantino who was connected to Trump; he has been replaced with Jody Hunt who in turn is connected to the Trump administration's first attorney general, former senator Jeff Sessions. Hutchinson is reported to have become more cooperative with the committee once she changed attorneys.

Side note:

1) Fox confirms that Michael Stenger, the Senate Sergeant at Arms who was in charge of Senate security the day of the Capitol riot, has died.

– Chad Pergram (@ChadPergram) June 27, 2022

According to Fox News' Pergram in the Twitter thread above, Stenger had cancer.

Do note Stenger's death has set off a lot of right-wing conspiracy trolling.
