

JBG AND OTHER TRASH TALK

Jeff Beck has passed away. He was not in the Beatles, not in the Stones, nor in The Who or Experience. But Jeff Beck could really play guitar.

RIP Mr. Beck.

There is professional football afoot too. Squawks are at the Niners. Brock Purdy may encounter midnight, but he is not that kind of kid. Pete Carroll can own any one game. Should be interesting.

Then there is the Bolts at the Jags. Also fascinating. Save for Mahomes, are there two better young QBs in the NFL? Okay, maybe Joe Burrow.

Hope I did not besmirch the blog or anything!
