

WAG THE DIRIGIBLE

I have nothing to add to the emerging coverage of DOD's shutdown of the Chinese spy balloon over Myrtle Beach.

Here's a great thread from WaPo's Dan Lamothe.

But I thought I'd make a post where we can all talk about the insanely stupid takes from Republicans.

@SenTuberville

Indecision from @POTUS invites conflict.

The balloon should have been taken out as it approached our border in Alaska, not after it took surveillance for days over our homeland. Biden's weak leadership emboldens our enemies — we will hold him accountable.

Rep. Marjorie Taylor Greene 🇺🇸 ✓

@RepMTG

The Biden admin allowed the Chinese Spy Balloon to traverse the entire US and gather intel on our critical military infrastructure while the entire country screamed to shoot it down, before they finally shot it down.

Biden refused to stop China.

Like the word "8ball," there are two
Ls in "balloon."

Donald Trump Jr. ✓ @DonaldJTrumpJr
Apparently the baloon is Fang Fang.

Also, quite frankly, because I wanted to beat the stupid Republicans to the punch in suggesting that Biden shot down the balloon – AKA Chinese drone – to distract from Hunter Biden’s dick pics, or some such claim.
