

# TRUMP EDITION: WHAT IS AND WHAT SHALL NEVER BE

Upon request I, hopefully, will come back to the big Alvin Bragg indictment of Trump. Later. When we have really had a chance to digest and analyze it.

So far, at least, not too sold on it. Not like all the Boyz at Just Security, several of whom I respect, but they have been overselling, led by Weissmann, this entire scenario mercilessly. To the extent of being dubious.

Anybody who thinks this is all cut and dried as Bragg makes it is a dope. To what extent we shall see. But, yes, we shall see. Tomorrow will be merely the start of the analysis, not merely the end like other dopes will tell you.

So, let us see what is, and what will never really be. They are very different things. Am I prepared to be totally wrong. Are you? And how long are you willing to play the long game out?

Criminal law will never be your personal political savior.
