

INDICTMENTS AHEAD: WAITING ON FULTON COUNTY GA [UPDATE-2]

[NB: Check the byline, thanks. /~Rayne]

Because discussion of the anticipated announcement of indictments by Fulton County, Georgia district attorney's office is bleeding into other dedicated threads, I'm publishing a post for this purpose.

The chatter began across the internet this past weekend when CNN reported the DA's office had copies of texts implicating Team Trump – by which I mean people working directly with Trump to overturn the 2020 election – in efforts to breach voting equipment in Coffee County, Georgia.

After Fulton County accidentally released what appeared to be a copy of the charges against Donald Trump early Monday afternoon, clamor ramped up even after the copy was yanked from publication.

At this moment – shortly after 11:00 p.m. ET – we are waiting for an announcement from Fulton County DA's office as the grand jury handed over indictments around 9:00 p.m. ET this evening.
