

JOHN SAUER SAYS JOE BIDEN MAY ASSASSINATE HIS CLIENT

In the hearing over whether Trump is entitled to absolute immunity, Trump's attorney, John Sauer – assisted by some hypotheticals from Judge Florence Pan – backed himself into the corner demanded by his claims.

Joe Biden could order Seal Team Six to assassinate Donald Trump, then quit *immediately*, before Congress could impeach him, and there would be absolutely no way to hold him accountable for killing his opponent.

Okay then.

James Pearce, in his response, asked “what kind of world are we living in” when Sauer would argue that there would be a way for the President to assassinate his opponent, then resign, or sell pardons, resign, and get away with it.

That's the world Trump wants, his attorney just argued.
