

DEMS COALESCE AROUND VICE PRESIDENT KAMALA HARRIS

We're filling up thread quickly and I'm about to go to bed.

So I'm starting a new thread.

Since President Biden dropped out and endorsed the Vice President, she has formally taken over the campaign, raised \$27.5 million in small donations, and collected endorsements from dozens of prominent Democrats (including a notable one from PA Governor Josh Shapiro, undoubtedly one of the leading candidates to be Kamala's running mate).

About the only one publicly considering a challenge – aside from Marianne Williamson – is turncoat Joe Manchin, a 76-year old retiree looking to replace the 81-year old former nominee.

Dems are in array.

And the Republican nominee, a felon, fraudster, and rapist, has announced he is afraid to do a debate with a prosecutor like Kamala Harris.

He's also wailing about his sunk cost.

All that sucking up to Putin for Biden dirt and we have to start over?

So, we are forced to spend time and money on fighting Crooked Joe Biden, he polls badly after having a terrible debate, and quits the race. Now we have to start all over again. Shouldn't the Republican Party be reimbursed for fraud in that everybody around Joe, including his doctors and the Fake News Media, knew he was not capable of running for, or being, President? Just askin'?

Update, Monday: Manchin has now given up the ghost of a renewed POTUS bid.

Pelosi Statement on Vice President Kamala Harris

Washington, D.C. – Speaker Emerita Nancy Pelosi issued this statement on Vice President Kamala Harris:

"America has been truly blessed by the wisdom and leadership of President Joe Biden. With love and gratitude, I salute President Biden for always believing in the possibilities of America and giving people the opportunity to reach their fulfillment. As one of our country's most consequential presidents, President Biden has been not only on the right side of history, but on the right side of the future.

"Today, it is with immense pride and limitless optimism for our country's future that I endorse Vice President Kamala Harris for President of the United States. My enthusiastic support for Kamala Harris for President is official, personal and political.

"Officially, I have seen Kamala Harris's strength and courage as a champion for working families, notably fighting for a woman's right to choose. Personally, I have known Kamala Harris for decades as rooted in strong values, faith and a commitment to public service. Politically, make no mistake: Kamala Harris as a woman in politics is brilliantly astute – and I have full confidence that she will lead us to victory in November.

"In the Democratic Party, our diversity is our strength and our unity is our power. Now, we must unify and charge forward to resoundingly defeat Donald Trump and enthusiastically elect Kamala Harris as the next President of the United States. Onward to victory!"
