

# JACK SMITH'S APPENDIX

Sorry it has taken me so long to post the appendix to Jack Smith's immunity briefing. The four sections are here:

Volume I

Volume II

Volume III

Volume IV

There's virtually nothing new here. Trump's temper tantrum was little more than a public wail that if people saw already-public documents about his plotting to run fake electors, it would swing the election.

That said, there are a few things we can confirm from the structure of all this, which I'll write up over the weekend.
