

# **DID ERIC EDELMAN LIE TO THE PLAME GRAND JURY?**

This filing I stumbled across in Prettyman courthouse suggests there were big contradictions between Eric Edelman (then Libby's deputy, and currently the Undersecretary of Defense for Policy)'s testimony, and that of other witnesses in the case. If Edelman is lying, it might corroborate my theory that Dick learned of Plame's identity from having been shown—via an illicit channel—the emails Valerie wrote relating to Joe's trip.
