

# **DAVID WEISS IS WRECKING THE RIGHT WING STORY (AND LIKELY SANDBAGGING HUNTER BIDEN)**

The Statement of Offense written as part of Hunter Biden's plea deal looks like it was written not for the tax charges to which he was pleading guilty, but to the FARA charges Biden thought would be off the table with this deal. And it sure looks like this "plea deal" was an attempt to sheepdip the entire prosecution to get Hunter Biden to clean the taint himself.
