

BRAD MILLER ASKS MORE QUESTIONS ABOUT GOLDMAN SACHS

Brad Miller (D-NC) asks the complement to the question I asked last night: Where's the guy who doesn't know shit about Wall Street to assess these bailouts?

Brad Miller asks, doesn't Edward Liddy's past board membership on Goldman Sachs create the appearance of conflict of interest—not to mention someone without the sufficient distance to approach this problem fairly?

Geithner doesn't seem too troubled about any potential conflict of interest.
