

ALL HELL IS GOING TO BREAK LOOSE: MAYBE JACK SMITH DID PRECISELY WHAT ELIE HONIG CLAIMS HE DIDN'T

In a recent column, Elie Honig bitched that Jack Smith's immunity filing violates DOJ's prohibition on pre-election statements. I suspect, however, that Jack Smith actually did adhere to DOJ rules by withholding things he might otherwise have included in the superseding indictment against Trump.

Maybe we have those to look forward to, after the election. If we make it that far.
