

RAT-FUCKER

RASHOMON: GUCCIFER

2.0 THE GO-BETWEEN

When you separate the story of Roger Stone's communications with Guccifer 2.0 from the WikiLeaks one, the August 15, 2016 asking how he liked the documents Guccifer 2.0 posted looks totally innocuous. But when you combine them, it looks like Guccifer 2.0 is Stone's go-between.
